Hi Dr Ford,

Thank you for your time yesterday...it was nice to meet you and the others working there at GNWR.

I know you also sent this to Capt Amber Schroeder...I am with them in the airport now and she gave him the email you sent.

Thanks.

Subject: [Non-DoD Source] Follow up from yesterday's visit

Hafa Adai:

I followed up on Mr. Sterling's question on if there were other overlay units at other Refuges -- here is a list of a few examples, there may be others:

Big Oaks NWR - in Indiana (Army)  
Seal Beach NWR - in California (Navy)  
Desert NWR in Nevada (Air Force)  
Midway Atoll NWR used to be an overlay with Navy

If you could provide him this information I would appreciate it and let us know if you have any other questions.

Thanks for taking the time to visit us yesterday.
